

SH-D20**FIDELITY WALL SPEAKER****Schütz**

Fidelity Speaker, suitable for background music.

The speaker design is elegant and stylish, and this speaker with iron mesh has a flawless surface.

The classic shape matches the curve of the trend so that it can be widely installed in different locations and integrated into the building.

The new semicircle bracket expands the range of speakers that can be installed and used. This design is not only beautiful, but also can adjust the Angle of 15 degrees in the vertical direction.
